

Wood Green School Safeguarding Objectives 2019-20

These have been informed by school self-evaluation and the Annual Safeguarding Report to Governors.

Objective	Completed by	Lead	Intended Outcome
To embed the new IT-based system, CURA, to improve our ability to record, respond to and monitor safeguarding concerns at Wood Green	June 2020	MAB	WGS has robust fit-for-purpose system for recording and monitoring and reporting on safeguarding
To improve systems for tracking provision for vulnerable students (AWC, Synolo, off-site tutoring etc) and also to monitor their attendance at that provision and follow up issues promptly and effectively	June 2020	MAB	Students enrolled at WGS but receiving education off-site in agreed and approved provision area counted for and their progress and welfare is monitored
To review policy and embed procedures for welcoming visitors into WGS	June 2020	MAB	Procedures for welcoming visitors are reflective of policy and maintain high standards of safeguarding at WGS
To review policy and embed procedures for taking and monitoring photographic images of students	June 2020	MAB	Procedures for taking and monitoring images of students are reflective of policy and maintain high standards of safeguarding at WGS
Review and update lettings policy	June 2020	RM	To add clauses about under 18 bookings; subletting and unlawful organisations
Set date for RWS and Governor to check SCR		RM	SCR is verified annually by RWS and Safeguarding governor
Ensure WGS has evidence of robust safeguarding procedures for alternative provision offers	June 2020	MAB	All alternative providers have on record submitted details of DBS checks and safeguarding procedures for their organisation
